

September 11th - 14th, 2017

W.S.P.C.A. 2017 Working Dog Conference

The training begins on Monday, September 11, 2017. The learning does not stop until Thursday, September 14th, 2017. Registration starts at 9am on the 11th and the keynote speaker at 1pm.

We are bringing back some of the popular trainers from past years and some new fresh respected trainers never seen before in Reno. You can sit in a class and listen anywhere, but in Reno you listen and then train with the instructor.

We are still one of the only hands on, working dog conferences available. You not only get information from some of the top trainers in the country, but you then get the opportunity to work your dog with these trainers.
